

## PRONOX

DEGREASER AND BRIGHTENER FOR CHROME AND STAINLESS STEEL

» **PRONOX** is specially designed for chromed surfaces cleaning, shiny stainless steel or satinated. Has a high cleaning power due to its low surface tension.

**PRONOX** leaves a protective film that retards the appearance of dirt.

**PRONOX** is free of silicones and abrasives.

### » Utilization

**PRONOX** is used for cleaning and maintaining stainless surfaces, decorative panels, handrails, elevators, furniture, etc ...

### » Application

Shake well **PRONOX** before applying. Spray at 15 to 20 cm of distance from the surface to be treated. Then wipe gently with a lint in the direction of metal polishing. Aerosol usable in all positions.

### » Cautions

Keep out of children reach. Avoid contact with eyes. Contents under pressure, do not expose to temperatures exceeding 50°C. Do not puncture or incinerate even when empty. Do not spray on incandescent material. Always carry out a test in order to determine the compatibility and the contact time. Chemical product: Always read the label before using.
